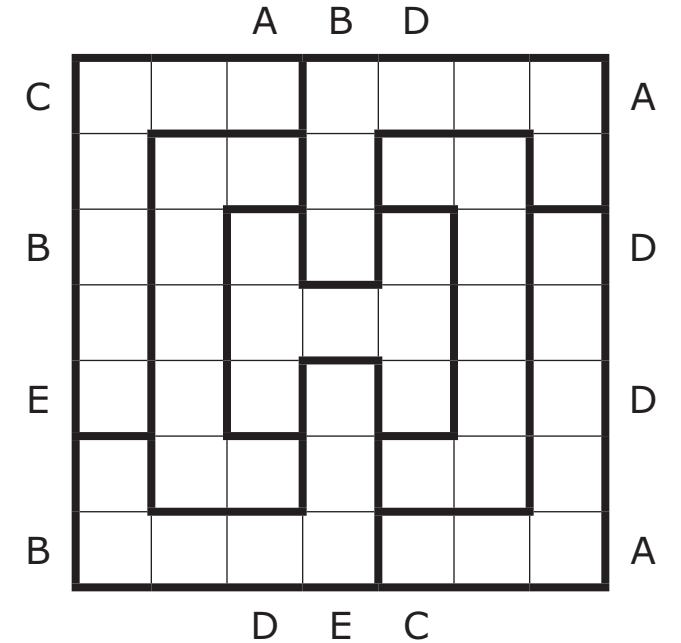
EASY AS ABCDE

Fill in the grid with letters ABCDE so that each row, column and bold outlined region contains each letter exactly once. Some cells remain empty. Letters outside the grid indicate the first letter in that row or column from that direction.

LETTERRAAM


Vul de letters ABCDE in elke rij, kolom en zwartomrande regio precies één keer in. Sommige vakjes blijven leeg. De letters buiten het diagram geven aan welke letter je vanaf die kant het eerst tegenkomt.
