SUDOKU - Serbian frame

Place the digits 1-9 in each column, each row and in all 3x3 regions.

Clues on the left and the right of the grid indicate the sum of the digits to be placed in the **second** and **third** cell in the corresponding direction. Clues above and below the grid indicate the sum of the digits to be placed in the **third** and **fourth** cell in the corresponding direction.

	17	11		7		6		15	9	
8										12
