

SUDOKU - only one descriptive pairs

Place the digits 1-9 in each column, each row and in all nine 3x3 regions.
 For every pair (X, Y) of clues outside the grid exactly one of the following is true:

1. X is the Yth digit from that side; or
2. Y is the Xth digit from that side.

		3	2	3	2	7	1	7				
		9	7	4	4	9	6	8				
1	7									3	9	
										3	5	
8	9										1	2
1	4									6	9	
3	6									4	7	
2	5											
2	4									6	8	
		4	1	3	6	6	1	4	2	5		
		5	7	8	7	8	3	9	3	7
