

BATTLESHIPS - PENTA

Place the given ships in the grid, so that they do not touch each other, not even diagonally. Numbers on the right and bottom of the grid indicate how many cells are occupied by ship segments. Place all twelve different pentominoes in the grid. The shapes can be rotated and/or mirrored. Numbers on the top and left of the grid indicate how many consecutive cells are occupied by a pentomino, from top to bottom and from left to right. One cell remains empty.
