HIDATO

Plaats alle getallen 1-64 precies één keer in het diagram. Beginnend bij 1 kun je steeds naar het opvolgende getal door één vakje op te schuiven in **horizontale, verticale of diagonale** richting.

HIDATO

Place all numbers 1-64 exactly once in the grid. Starting at 1 you can reach every consecutive number by travelling one cell in a **horizontal, vertical or diagonal** direction.
