PENTO REGIOS

Plaats de gegeven pentominos in het diagram zo dat ze elkaar niet raken, **ook niet diagonaal**. Pentominos mogen gespiegeld en/of gedraaid worden. Elk vetomrand gebied bevat precies één pentomino.

PENTO REGIOS

Place the given pentominos in the grid such that they don't touch each other, **not even diagonally**. Pentominos may be mirrored and/or rotated. Every bold outlined area contains **exactly** one pentomino.
