Puzzle GP 2022 Round 4 - Practice set by bakpao

Notes:

- Rules for the puzzles are not included in this document, but instead can be found in the penpa link for each puzzle or in the IB for the round, found here: https://gp.worldpuzzle.org/sites/default/files/Puzzles/2022/2022_PuzzleRound4_IB.pdf
- Penpa links are provided, however note these will <u>not</u> be present in the actual contest.
 - For genres that are supported on puzz.link / pzprxs, a link to play the puzzle in that interface is included in the Source field in the penpa link for those who prefer it.
- The puzzles are designed to roughly match the points value assigned to them in the actual contest, however there are exceptions where a puzzle might be slightly trickier or easier (indicated with a +, or =). Also, your experience may vary.
- All puzzles are new and were set over the course of two days, with the vast majority being set in a single day. As such, not all puzzles are of the highest quality, especially for genres I'm not comfortable with or had to learn from scratch. Quantity went over quality this time around.
- All puzzles have gone through one round of testing. A massive thanks to Freddie
 Hand for solving all of them on such short notice. All puzzles should have a unique
 solution reachable exclusively through logical deductions, however if your experience
 differs please do let me know.
- Only one L-words is included, the set otherwise matches the layout of the round.
