

SUDOKU – FUTOSHIKI KOPPELING

Plaats de cijfers 1-6 in elk diagram precies één keer in elke rij, kolom en 2x3-blok. Cijfers in een wit vakje zijn verschillend van de andere cijfers op exact dezelfde positie in de andere diagrammen. Alleen cijfers in grijze vakjes in verschillende diagrammen zijn gelijk aan elkaar. Symbolen tussen de diagrammen geven aan welk van de aangrenzende cijfers het kleinste (<) of grootste is, danwel dat de cijfers gelijk zijn aan elkaar (=).

SUDOKU – FUTOSHIKI CONNECTION

Place the digits 1-6 exactly once in each row, column and 2x3 block of each of the four grids. Only digits in grey cells can appear in the same position in different grids; digits in white cells must be different in each grid. Signs indicate which of the two adjacent digits is smaller (<) or larger, or equal (=) to each other.
